### Serving the Ad Specialties Industry Since 1993

G&M Printwear is an energetic cutting edge company with a commitment to excellent customer service and quality products. We print what most screen printers will not dare. G&M has mastered screen printing on specialty items and non-textile materials like umbrellas, padfolios, cases, coolers, towels and simulated leather. Screen printing on apparel has not been an area that we lack experience and ingenuity. We have also mastered the technique of process printing on both black/dark and white/light apparel.

All orders are filled in-house using state of the art techniques and equipment in our 13,000 sq/ft facility. We do not sub-contract out our work like most on-line printers so we can offer you the best quality, prices, and turn-around.

G&M Printwear is here to offer incredible competitive pricing and an incredibly quick 5 day turnaround time on your orders.
